

Joe & JoAnne Landowner
1234 5th St.
Cleona, Pennsylvania 17042

20 May 2016

Dear Mr. & Mrs. Landowner,

We write on behalf of the Quittapahilla Watershed Association to invite you to a public meeting at the **Cleona Borough Hall on Tuesday, June 7 at 7:00 p.m.** so that we can address any questions or concerns you or your neighbors might have about the proposed “Cleona Streambank Restoration Project” along Quittapahilla Creek from Dairy Road to Mill Street.

In addition to the undersigned, the people who will attend this meeting include:

- Kerry Rohland, Cleona Borough Manager
- Pat Haley, Cleona Parks & Recreation Council
- Bryan Hoffman, Cleona Borough Authority
- Rocky Powell of Clear Creeks Consulting, LLC (president of the firm that designed and managed the Quittie Creek Nature Park Streambank Restoration Project in Annville in 2014-2016)
- Lee Irwin of Aquatic Resource Restoration Co. (the firm that did the actual work on the project in Annville)

This cover letter is accompanied by three additional items:

1. An “Information Sheet” with more information about the envisioned project
2. A “Landowner Access Authorization” form (from PA-DEP)
3. A “Landowner Letter of Commitment” form (from PA-DEP)

In order for this streambank restoration project to move forward, most every landowner along both banks of Quittie Creek in the proposed project area will need to sign and submit both of the above forms (items 2 and 3) before June 15. For this reason, and because we all know that Quittie Creek in Cleona is in desperate need of streambank stabilization work, we sincerely hope you will be able to attend this important public meeting.

Please be in touch if you have any questions. Thank you,

Michael Schroeder
