

# Quittie Creek Watershed Association

## Mission Statement

The mission of the Quittie Watershed Association is to identify individuals and groups who are interested in working together to coordinate efforts to keep the stream healthy.

The following represent goals to carry out the Mission:

1. To encourage good environmental practices and to educate citizens to serve as stewards of the environment in the watershed.
2. To implement a system to monitor water quality along the watershed using volunteers.
3. To create a network of individuals and agencies who can work collectively and individually to improve the quality of the watershed.
4. To develop awareness of water quality in environmental education programs for local schools and community groups.
5. To serve as a clearinghouse for information about the watershed and environmental issues in which citizens in the watershed may have an interest.
